WWW.FosterParentCollege.com is available to all licensed foster and adoptive parents. There are two (2) types of courses available through Foster Parent College.

1. **Instructor Led**—these courses are more in-depth and allow for interaction between online participants and the instructor. The length of the course is several hours over the period of 3 weeks. Completion of this workshop is worth six (6) training hours. During the workshop, participants will use a discussion board. Upon completion of the course, participants are asked to submit a questionnaire, complete assigned exercises and email their final completed assignment.
2. **Self-Directed**—this course focuses on a specific behavioral problem or emotional disorder. This is self-directed which means participants can complete the course at the own pace as long as the course is completed **within 30 days of registration**. The length of the course will take approximately 2 hours and will provide 2 hours of training credit. The discussion board is optional in this course.
